Students wishing to participate in one of the summer courses below should select three choices in order of preference (“1” for first choice, “2” for second choice and “3” for third choice). Courses are offered at no charge to students or parents and, if completed successfully, will allow them to earn 10 credits toward graduation.

____ ELEVATE TO BIOLOGY (Elective Credit)
Students who received a grade of “C” or lower in their middle school science class should sign up to take this course so they are better prepared to excel once enrolled in Biology in the fall. In this class, students learn in a college preparatory lab environment with high school science teachers.

____ SUMMER BRIDGE PROGRAM (Elective Credit)
Students enrolled in this course learn fundamental study skills, develop four-year and post high school transition plans. Students and their families will also be linked to community resources that will aide in their transition to high school. This class is designed to give students who fell below a 2.0 GPA in middle school an opportunity for a fresh and successful start in high school.

____ ELEVATE TO MATH (Elective Credit)
Students who received a grade of “C” or lower in their middle school Common Core Math 8 class should sign up to take this course so they are better prepared to excel once enrolled in Common Core Math 1 in the fall.

____ COMMON CORE MATH 1 (Math Credit)
Students who received a grade of “B-” or higher in their middle school Common Core Math 8 class should sign up to take this acceleration course if they plan to take Common Core Math 2 as freshmen.
